Product Name : Gas Analyzer

Product Code: KGLOB1102001

Description:

Gas Analyzer

Technical Specification:

Usage/Application Product Type Power Supply Features

Analysis Time Warm Up Time

Color

Automation Grade Display Type

Response Time Phase

Weight
Power
Temperature
Fast Warming Up

Operational Temperature

Frequency Features:

PUC

ANALYZER

230 LCD 3SEC 5MINS CREAM Automatic LCD

4~5 sec. (more than 90%)

SINGLE 5KG 230 55

Less than 5 min 0-40 Degree C 50/60Hz

- ullet NDIR Detector measures CO/CO2/HC, and electro chemical sensor measures O_2 , NOx
- OIML Class I & Bar 90 compliant
- Uniquely designed bench, Patented in Korea,
- Chinese Patent pending
- Leakage check
- HC Residual Check
- Self Diagnosis
- Fuel Selectable
