

Product Name :
Spot Welding Machine

Product Code :
KGLOB10239002

Description :

Spot Welding Machine

Technical Specification :

Voltage	400V
Frequency	50/60Hz
Dimension	355X390X350 mm
Weight	48 kg
Power	214kW

Spot welding equipment.. this is a transformer type spot welding machine.dent puller can also be attached to it and can be used as dent puller which is a optional kit Robust single-phase digital multifunction resistance welding unit, with microprocessor control, particularly suitable for car body repair. The convenient display makes it easy for the operator to set and read the sport-welding parameters.
