Product Name:Spot Welding Machine

Product Code: KGLOB10239002

Description:

Spot Welding Machine

Technical Specification:

Voltage 400V Frequency 50/60Hz

Dimension 355X390X350 mm

Weight 48 kg Power 214kW

Spot welding equipment.. this is a transformer type spot welding machine.dent puller can also be attached to it and can be used as dent puller which is a optional kit Robust single-phase digital multifunction resistance welding unit, with microprocessor control, particularly suitable for car body repair. The convenient display makes it easy for the operator to set and read the sport-welding parameters.
