

Product Name :
RO Water Purifying Plant

Product Code :
KGLOB10244005

Description :

RO Water Purifying Plant

Technical Specification :

Max Water Recovery Rate: 50-55 %, 55-60 %, 60-65 %, 65-70 %, 70-75 %
Plant Accessories: Chlorinator, Ozonator, Ultra Filtration Plant
Material of Construction: SS Powder coating, FRP
Installation/Civil Work: Available
Number of Membranes in RO: 1, 2, 3, 4
Installation Type: Containerized Plug & Play, Prefabricated
Chiller Cooling Capacity (Tons) 0.5 ton, 1 ton, 1.5 ton, 2 ton
Size: 2800 x 650 x 2100 mm
RO Capacity (LPH): 0-200, 200-500, 500-1000, 1000-2000, 2000-3000, >3000
Plant Application: Industrial RO Plant, Domestic RO Plant, Institutional RO Plant
Number of Filtration Passes: >5
