

Product Name :
Manual Induction Sealing Machine

Product Code :
KGLOB10251021

Description :

Manual Induction Sealing Machine

Technical Specification :

Capacity Variable
Voltage 180
Driven Type No.
Power 220
Weight 5 kg
Automation Grade Manual
Cap Size 20 to 100 mm
Sealing Speed Variable
Size 20 - 100

To meet diverse requirements of our prestigious clients, we are engaged in providing an excellent quality Manual Induction Sealing Machine. Use for capping Aluminum Foil Seals on bottles, these sealing machines is provided in various specifications in order to meet the variegated needs of clientele. Along with that, these sealing machines are quality tested on numerous parameters by our accomplished professionals. Moreover, we provide these sealing machines to our client at the most affordable rates.

Features:

-
- Strong construction
 - Hassle free functioning
 - High efficiency
