

Product Name :
Packaging Machine

Product Code :
KGLOB10251032

Description :

Packaging Machine

Technical Specification :

Machine Type Semi-Automatic
Condition New
Packaging Material Wood
Voltage 220 V
Capacity Variable, Variable
Power 7 to 8 kw
Power Consumption 3 phase
Dimension 5 feet x 24 inch

Sealing system for accurate seal and cutting. The machine is highly reliable and provides years of dependable service. These Machines find applications for Stationery, Sweets, Gift Packets, Confectionery, Welding Rods, Bottles, Cosmetics, etc

Features:

- Heavy Duty Electronic Timer
- Adjustable working platform and height for various products size.

6-8 pouch per minute
