

**Product Name :**  
Packaging Machine

**Product Code :**  
KGLOB10251032

**Description :**

Packaging Machine

**Technical Specification :**

Machine Type Semi-Automatic  
Condition New  
Packaging Material Wood  
Voltage 220 V  
Capacity Variable, Variable  
Power 7 to 8 kw  
Power Consumption 3 phase  
Dimension 5 feet x 24 inch

Sealing system for accurate seal and cutting. The machine is highly reliable and provides years of dependable service. These Machines find applications for Stationery, Sweets, Gift Packets, Confectionery, Welding Rods, Bottles, Cosmetics, etc

**Features:**

- Heavy Duty Electronic Timer
- Adjustable working platform and height for various products size.

---

6-8 pouch per minute
