

Product Name :
 Tube Sealing Machine

Product Code :
 KGLOB10271063

Description :

Tube Sealing Machine

Technical Specification :

Capacity 20 per minute
 Packaging Material Tubes
 Packaging Type Plastics Tubes
 Power Consumption 100 Watt
 Voltage 230 Vac

Tube Sealing Machine is suitable for sealing of Pouches & Colgate type Plastic Tubes. This is a portable & compact machine with digital temperature control & Electronic sealing Timer used to maintain the Temperature & Time required for sealing. Speeds upto 30 tubes per minute is obtainable.

Sealing Width / Length	7 mm / 4 Inches	2 to 10 mm / 2 Inches
Capacity	600-900 Tubes/hour	30 Tubes/Minute
Power / Max. Power	220V 50 Hz / 400 Watts	No Power
Dimension (W x L x H)	600 x 500 x 1200	150 x 200 x 80 mm
Weight	22 kg	6 kg
