

**Product Name :**  
Automatic Ampoule Filling and Sealing Machine

**Product Code :**  
KGLOB10271124

**No image  
available**

**Description :**

Automatic Ampoule Filling and Sealing Machine

**Technical Specification :**

Filling System Fully Automatic  
Packaging Type Ampoule  
Capacity 20 to 150 Ampule / Minute  
Material SS 304  
Machine Type Automatic  
Phase 220 V Single Phase  
Automation grade Automatic  
Driven Type Electric  
Voltage 230 Volt  
Power 230 Volt AC  
Weight 300 KG  
Filling Head As per the requirement

Automatic High Speed Two and Four Head Ampoule Filling & Sealing Machine. The machine consist of The unit built on SS Square pipe frame and totally SS Coverings, finish, Further, the large opening available at the bottom side for ease of absolute cleaning.
